

St Augustine's Keilor Curriculum Plan

St Augustine's Catholic Primary School is a school which operates with the consent of the Catholic Archbishop of Melbourne and is owned, operated and governed by Melbourne Archdiocese Catholic Schools Ltd (MACS), where formation and education are based on the principles of Catholic doctrine, and where the teachers are outstanding in true doctrine and uprightness of life.

Curriculum and learning policy

Vision

St Augustine's Primary School

A welcoming learning community:

United in Catholic faith

Integrating our faith and life

Empowering animated life-long learners

Enabling responsible global citizens

Nurturing the potential of all

Mission

Our school vision is lived out throughout daily words and actions as we strive together to make a difference. As a Catholic School we are committed to working with parents in a partnership to continue the faith development of our students. Through instruction and prayer we aim to develop in our students a deeply personal relationship with God that is life giving and purposeful.

Purpose

At St Augustine's we focus on engaging students in vibrant, creative learning experiences that develop inquiring minds. Our aim is to develop students who are able to think deeply and critically, interact, create and collaborate effectively in a global world.

We provide a comprehensive curriculum with a strong focus on literacy and numeracy. In addition to the comprehensive classroom programs offered in literacy and numeracy, an integrated Inquiry classroom curriculum program addresses the domains of Science, Humanities/History, Design and Technology, Civics and Citizenship, and Health. These domains are also cross referenced with the literacy program to ensure sufficient time is allocated to address the content. Specialist teachers provide instruction in Physical Education, Language (Italian), Technologies and Performing Arts. The capabilities are addressed within each of the domains and is supported by a range of initiatives run across the various year levels. The school is an active participant in district sport competitions as

well as providing opportunities for students to participate in many extra curricula activities such as choir, Uke, computer club and robotics.

Our curriculum is innovative and contemporary and is designed to respond to the needs and interests of our students. We begin by establishing their individual needs through well-designed assessments. The curriculum at St Augustine's immerses students in learning that will equip them with the necessary skills and dispositions to live and work within a world that demands high levels of ICT literacy, academic knowledge and understanding as well as thinking and personal and interpersonal skills to allow them to create and collaborate in a global world

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The St Augustine's Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

Principles

At St Augustine's we are committed to:

- using a variety of best practice teaching strategies
- engaging in rich discussions with students about their learning- Providing feedback to students
- enabling inquiry-based learners
- targeted teaching -using data effectively to improve learning
- making learning visible-clearly articulating Learning Intentions and Success Criteria
- engaging in professional discussions with colleagues around student learning.

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at St Augustine's.

At St Augustine's curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our

learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

The prescribed Victorian Curriculum is implemented and used to frame learning that is responsive to the children’s needs, the context of our school and the wider community.

The curriculum is designed and delivered from whole school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10. The school’s teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, St Augustine’s will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

St Augustine’s will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at St Augustine’s as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.

Whole-school curriculum plan and time allocation

The following provides an outline of the learning areas and recommended weekly time allocation across F–6. Multiple learning areas are often part of a unit and not always taught as separate subject areas. This is ensured through time allocations which are in line with recommendations of the educational authorities.

Learning Areas	Recommended Time Allocated
English <ul style="list-style-type: none">• Reading & Viewing• Speaking & Listening• Grammar & Spelling• Writing	10 hours weekly
Mathematics <ul style="list-style-type: none">• Number & Algebra• Measurement	5 Hours weekly

Learning Areas	Recommended Time Allocated
<ul style="list-style-type: none"> Geometry Statistics & Probability 	
Religious Education	2.5 hours weekly
Specialist Areas	3hrs
The Arts	45 minutes weekly
Technologies	45 minutes weekly
Physical Education	45 minutes weekly
Languages other than English	45 minutes weekly
Humanities	4.5 hours weekly
<ul style="list-style-type: none"> Civics & Citizenship Economics Geography History 	<p>The learning areas of Humanities, Science and Health are taught through Inquiry Learning units.</p> <p>The capabilities are Integrated into Inquiry Learning and other Curriculum areas.</p>
TOTAL	25 hours weekly

Capabilities

The Victorian Curriculum includes both knowledge and skills. It is expected that the skills and knowledge defined in the capabilities will be developed, practised, deployed and demonstrated by students in and through their learning across the curriculum:

- Critical & Creative Thinking
- Ethical
- Intercultural
- Personal & Social.

The skills and knowledge defined in the capabilities will be developed in student learning across the curriculum areas where it is relevant and authentic to do so.

Curriculum organisation and implementation

The school's planning for curriculum draws on the Victorian Curriculum and Assessment Authority (VCAA) curriculum planning site for age-appropriate content, sequential learning patterns, and interrelated aspects of the content and skills and of the desired learning capabilities. Refer to the Pedagogical Framework.

All content is developed using the following documents:

- St Augustine's policies for each of the learning areas
- St Augustine's Religious Education Scope and Sequence: Religious Education Curriculum Framework
- Victorian Curriculum F–10
- Statement of Philosophy

A variety of other resources, including online resources, will be available to support planning.

Evaluation

This Policy will be monitored and reviewed by the staff, in accordance with the School Improvement Plan or as required.
